

**TABLE 7B. Horsepower of Power Equipment Used, by Geographic Areas and Type of Operation: 1963 and 1954**

Geographic area and type of operation	Aggregate horsepower per production worker		1963 (1,000 horsepower)							
			Aggregate	Prime movers				Electric motors		
	1963	1954	horsepower (prime movers and electric motors driven by purchased energy)	Total	Highway type	All other equipment		Total	Driven by	
						Driving generators	Not driving generators		Purchased energy	Energy generated at same establishment
United States total ....	171	83	14,235	11,385	5,578	333	5,474	2,992	2,850	142
